Professional Summary

As a motivated computer science student seeking opportunities to grow in the field of software Development by learning new skills and developing new projects to upskill in the career.

Technical Skills

• Programming Languages: C, C++, Java (Basic), Python (Basic)

• Web Technologies: HTML, CSS, JavaScript

• Frameworks & Libraries: Django (Beginner)

• Databases: SQL, SQLite3

• Tools: Git, GitHub, AI-assisted development tools (Gemini)

Education

B.Tech - Computer Science and Engineering — Vignan's Lara Institute of Technology & Science, JNTUK (2021-2025) | Score: 8.5 CGPA

Intermediate - MPC — Sri Chaitanya Junior College, TSBIE (2019-2021) | Score: 97.8%

SSC — Sri Chaitanya School, BSEAP (2018-2019) | Score: 10.0 GPA

Projects

- **Weather Forecasting System**

  Tech Stack: HTML, CSS, JavaScript

  -Developed a web-based weather forecasting application to display real-time and location-specific meteorological data.
  - Designed a responsive interface to enhance user accessibility and experience.

- **Liver Cirrhosis Disease Prediction using ML**

  Tech Stack: HTML, CSS (Frontend), Django, Python, SQL/SQLite3 (Backend & Database), AI-assisted model development (Gemini)

  -Created a machine learning model to predict liver cirrhosis using clinical patient datasets.
  -Integrated the model into a Django-based web application for seamless user interaction.
  -Built an input form for collecting patient details and displaying predictive results in a user-friendly format.

Internship Experience

Octanet Virtual Internship — Web Development (Oct–Nov 2023)

-Developed responsive landing pages and user interfaces using HTML, CSS, and JavaScript.
- Enhanced interactivity and UI/UX design, improving usability for end users.

KodNest Technologies —Full Stack Development (Sept 2025 – Present)

-Working as an intern, learning fundamentals of Java and SQL by gaining hands-on practice in core java concepts, Object-oriented programming and database management.

-Building strong foundation for the full stack development by exploring the technologies of front-end, back-end and database

Certifications

• Programming In Java - NPTEL - 2023-07

• The Joy of Computing Using Python - NPTEL - 2023-07

• Course on HTML - Infosys - 2024-02

• Cisco Certification Course on Python - 2024-03

Hobbies and Interests

• Playing cricket and engaging in workout sessions to maintain physical fitness.

• Interested in Full Stack Development, UI/UX Design, and Artificial Intelligence.
