Portfolio: <https://gpavananithish.vercel.app>

Github: <https://github.com/gpavananithish>

Summary

A Motivated Computer Science Student , I want to contribute my technical skills and problem-solving skills to the organization's growth while learning new professional skills.

Education

B.Tech - CSE | Vignan's Lara Institute of Technology & Science,JNTUK(2021-2025)| **Score: 8.48 CGPA**

Intermediate – MPC | Sri Chaitanya Junior College, TSBIE (2019-2021) | **Score: 97.8%**

SSC | Sri Chaitanya School, BSEAP (2018-2019) | **Score: 10.0 GPA**

Technical Skills

- Programming Languages: Java , Python
- Web Technologies: HTML, CSS, JavaScript
- Databases: SQL
- Tools: Vs-Code, AI Tools

Experience

Full Stack Development Intern | KodNest Technologies

- Building strong foundation for the full stack development by exploring the technologies of front-end, back-end and database.

Web Development Intern | Octanet Services

- Developed responsive landing pages and user interfaces using HTML, CSS, and JavaScript.
- Enhanced interactivity and ui design, improving usability for end users.

Projects

Weather Forecasting System | <https://gpavananithish.github.io/WFC>

Tech Stack: HTML, CSS, JavaScript

-Developed a responsive web-based weather forecasting application to display real-time and location-specific weather data.

-Designed a responsive interface to enhance user accessibility and experience.

Liver Cirrhosis Disease Prediction Using ML | <https://pavan0550w.pythonanywhere.com>

Tech Stack: HTML, CSS, Django, Python, SQLite3, AI-assisted development.

-Created a machine learning model to predict liver cirrhosis using clinical patient datasets.

-Integrated the model into a Django-based web application for seamless user interaction.

-Built an input form for collecting patient details and display prediction results in user-friendly format.

Certifications

- **Programming In Java – NPTEL**
- **The Joy of Computing Using Python –NPTEL**
- **Course on HTML – Infosys**
- **Course on Python – Cisco**

Hobbies and Interests

- Likes to play cricket and engage in workouts.
- Interested in Full Stack Development, Artificial Intelligence and UI/UX design.
